PRODUCTIVITY AND VERSATILITY WITH MINIMAL ENVIRONMENTAL IMPACT

d-Copia 4513MF and d-Copia 4514MF, monochrome A4 multifunction systems, with deliveries of **45 ppm**, are the ideal solution for dynamic work teams of medium to large dimensions.

These machines respond perfectly to the need for **versatility and productivity**, simplifying work flows through a scanner-embedded file compression function able to rationalise the task of digitising and sending large volumes of electronic documents.

Long life components combined with **low energy consumption levels** contribute towards **reducing management costs**.

Wide mobile connectivity and the security provided by the optional Data Security Kit satisfy even the most demanding requirements.
